we dare to try anything

- **HIGH CAPACITY: up to 120 pallets/hour.**
- **Maximum quality, high performance and minimum maintenance.**
- **It is the most versatile: it can evolve to a Saturn S8 model to get higher capacities.**
- **The load remains static: the film reels rotate around the load.**
- **Guaranteed savings of stretch film: 300% film pre-stretching.**
- **1 m of film becomes 4 m.**
- **Finishing without tails of film thanks to our efficient cut and welding device.**
- **Electronic and self-adjusting tension control depending on the profile of the load.**
- **Possibility of applying efficient dustproof and rainproff wrappings.**
- **Possibility of wrapping at ground level.**
- **Capable of applying bands (strips) at any height of the load.**
